2) In the above circumstances, the proposal of the Pondicherry municipal council, as supported by the D P I, to contribute a sum of Rs 900/- p.a. on a permanent basis towards the maintenance of the Local Aided High School is submitted for orders. If the proposal is sanctioned, the expenditure in this behalf for the year 45-46 will be ordered to be met out of the closing balance of the Rs. for 46-47 submitted with reference to paras 3, 13, 19 supra

Subject: Contribution to the local Aided High School for Girls Municipality, Kolar

Sir,

Adverting to additional Secretariat letter No. L 1587 dated 1st September 1945 on the subject, I have the honour to enclose herewith a copy of the review on the budget estimates of the Girls Municipality for 45-46 and to state that the financial condition of the Municipality is fairly satisfactory, the estimated closing balance for 45-46 being Rs. 15,000/- which is more than the prescribed minimum, there being no debts which have to be provided for by the Municipality.

The Municipal Council, Kolar have considered the question of enhancing the contribution to the ... the expenditure of the local Aided High School and the ... subsequently resolved in their meeting held on 27th July 1945 that the grant may be raised to Rs. 600/- per annum, as the Headmaster of the School has appealed for enhanced grant in view of the meagre resources of the High School

school In the circumstances, I request you to kindly obtain and communicate the sanction of Government to the said resolution of the Municipal Council early. Sanction may also be kindly accorded to meet the sum of Rs 300/- for the year 45-46 from the closing balance of the Municipality as only a sum of Rs 600/- has been provided in the budget for this purpose, the difference of Rs 300/- being met from the Closing balance of the Municipality.

In this connection I enclose herein the resolution of the Municipal Council dated 13th March 1946 stating that contribution to the extent of Rs 300/- may kindly be made payment from the year 45-47 to obviate the necessity of getting sanction over again already requested.

Subject - The enhancement of the Municipal grant from Rs 600/- to Rs 900/- per annum towards the maintenance of the High School, Goribidanur

---

In continuation of my letter No cited above dated 10th July 1946 on the above subject stating that information on certain points has been called for from the District Educational Officer, Kolar, and that my final report would be submitted to Government in the matter as soon as the report from the District Educational Officer is received, I have the honour to enclose herein copies of three statements showing the income and expenditure of the school under reference for (i) the year ending 30th June 1944 (ii) the periods from 1-7-1944 to 16-2-1945 and from 17-2-1945 to 31-5-1946 received from the Headmaster of the school As per these statements the total income and expenditure of the school for the previous 36 months ending with 31st May 1946 is Rs 13,943-8-4 and Rs 21 336-5-9 respectively and the average income and expenditure of the school per mensem is Rs 387-5-1 and Rs 592-10-9 respectively The Management is incurring excess average expenditure of Rs 205-5-8 per mensem over the average income But in these statements several items such as cost of school garden, excursion expenses and school day expenses etc , which do not come under the authorised items of expenditure have also been included Further certain items of income other than those relating to fees and grants from quasi-Government bodies which are not taken into account for calculating Government grant have also been included in these statements Hence a revised statement showing only the items of expenditure which can be taken as authorised and the income from fees and the contributions received from the local Municipal Council and the ~~District~~

District Board for the period referred to above is prepared and submitted herewith for reference

As per this revised statement the total income of this school for 36 months ending with 31st May 1946 is Rs 11,495-0-9 and the total expenditure for the same period is Rs 16,779-4-6 and the average income is Rs 319-4-11 per mensem and the average expenditure is Rs ~~X~~ 466-1-5½ per mensem It will thus ~~bex~~ seen that taking into account only the authorised items of expenditure and the income from fees and contributions from quasi-Government bodies the school is incurring an ~~x~~ average net expenditure of Rs 146-12-6 per mensem over the income

The other items of receipts viz , the subscriptions and contributions from the private bodies of the type referred to in the statements received from the Headmaster cannot be considered as permanent sources of income to the school I am therefore of the opinion that the school is in need of additional financial help from the local Municipal Council as recommended by the Deputy Commissioner, Kolar District in his letter No A5 C 39/45-46 dated 2nd May 1946 to Government
